THE CAPITULATIONS.

The recent pronouncement of the Italian Chamber of Commerce on the proposed modification of the Capitulations appears to us to have been based either on an erroneous version or on a misunderstanding of Lord Cromer's proposals as set forth in his report for 1905. It was never the intention of the great statesman who has so long and so brilliantly represented the British Empire in Egypt to hand over the members of the European colonies in Egypt to the tender mercies of entirely native Courts. Indeed any such intention was openly disclaimed by H.B.M.'s Agent, and while we are very ready to acknowledge the astuteness of a policy of marking time in regard to the Capitulations we cannot see that Conservatism of this sort is likely in the long run to benefit the country. Even granting that the Capitulations in question is temporarily shelved, is it bound to be brought up again, and in our opinion its reappearance may quite conceivably be connected with a revival of Nationalist agitation. Thus for, it is true, the extreme wing of the Egyptian Nationalist party has, if anything, opposed Lord Cromer's schemes and rather naively defended its action on the ground that the removal of the international shield—however harmful in its antiquated character to the best interests of Egypt—would allow the British Government a free hand to the greater detriment—according to the journalistic lights of the above-mentioned party—of Egypt and the Egyptians. We do not, of course, share this view, but we should like to point out that, under certain conditions which are easily be imagined, a demand for the abolition of the Capitulations might become a very important "plank" in the Nationalist platform of the future. Surely it would be more prudent for the critics of the proposed modifications to take this possibility into account.

But, abandoning hypotheses as to the future, to what do the suggestions of Lord Cromer amount? Simply to the abrogation by Britain of the Capitulations. Our correspondent "Africanus" pointed this out in an able letter which we published in our issue of Monday, and added that some species of guarantee of the permanency of the British Occupation would be demanded by the European population of Egypt before its individual members consented to forego the rights which they now possess. This criticism undoubtedly goes to the root of the whole matter. Our policy in Egypt is based—and, we may add, can only be justifiably based—on the assumption that we are here as instruments who have agreed to leave the school when the pupils have given proofs of their ability to make their own way in the world. Have, then, can we give any guarantee of the permanence of our occupation? Our agreement with France does not appreciably alter the situation. By its provisions we are committed to a self-denying policy as regards changes in the political situation of the country, while our political predominance therein is at the same time admitted. We are therefore debarred, on the one hand, from declaring a protectorate of the country (we assume, of course, the non-occurrence of any political catastrophe), and, on the other, we are bound by our promises and the whole tenor of our administration to work for the realisation of the formula "Egypt for the Egyptians," however long we may have to wait till the country is ripe for self-government.

If it be assumed that the provisions of the Anglo-French Agreement do not deal with the difficulty by which they have alluded, is it not possible for some formula to be discovered by French and British statesmen which will solve the dilemma without any infraction of the Anglo-French Agreement or of our obligations towards Egypt? We require a formula which will completely assure the continuance of the political bond between Great Britain and Egypt without for the time prejudicing the *de facto* rights of the former country to grant to the latter, if and when it becomes ripe for it, a greater measure of internal freedom from foreign control. In brief, can "Egypt for the Egyptians" be reconciled with the demand of our correspondent for a guarantee of the permanency of the Occupation?

That Egypt is not yet ripe for self-government is our firm conviction, and, despite the eloquence of certain so-called journalists, we cannot believe that we shall survive to see the day when Egyptians will be entirely able to dispense with foreign advice as to the management of their own affairs. But if and when that day comes, what is to be our position? Are we to abandon Egypt to the Turk or to the tender mercies of any ambitious Power with a taste for foreign adventure? Is the future Egyptian Government never to puzzle, never to liberal, it must know with all what States a total liability to foreign aggression, and we shall have played Egypt a sorry trick if we abandon her to the mercy of the first comer. Again, there is the strategical question—can we, can any Power with Great Eastern interests ever be indifferent to the future of the State which will one day own the Suez Canal? But we are plunging into the slough of speculative wild-politik. Enough that we have given with all diffidence our interpretation of a very complex situation.

DRUSES VERSUS BEDOUINS

THE RECENT FIGHTING.

The recent encounter between Druses and Bedouins in the Vilayet of Syria appears to have been of a very serious nature, the loss of life being far more heavy than is usually the case in inter-tribal warfare. The skilful tactics and straight shooting of the Druses appear to have completely routed their opponents, who were thus taken completely by surprise to find their champs equipped with such more noble standards than by the bill men. The Hamam Druses, it may be remembered, gave the Turkish Government much and its Bedouin and Circassian allies considerable trouble in 1895. Their numbers have increased since then, and they are now extremely well armed with Martini and magazine rifles.

During the frontier dispute the Turkish forces in Syria were increased mainly by drafts from the 17th Army Corps and a considerable number of men dispatched to Akaba via Ma'an. From the two the Turkish forces in the Vilayets of Beyrout, Aleppo, and Damascus did not by any means reach the imposing total of 60,000 men given by Mukhtar Pasha, and the combined Arabs of Syrian conscripts to Yemen and Hedjaz must have caused a further diminution of effectives. The 9th Division of the Hamam is now at Beirut in European Turkey, while over 30 battalions of infantry were dispatched in 1906 and 1907 to the east of me in Arabia, in excess with the strength of encampments or camps to attend at all.

It is this military weakness of the central government that may explain the signs of an ever more visible in the Hedjaz, but there is no reason to expect this weakness to be of long continuance. The connection of the Aleppo line with the main Turkish railway system, which will probably be completed in the next two years, appears to us as certain to be followed by an increase of the garrison of the vilayet.

CORONATION OF SHAH.

Mr. Robertson is said to have asked the pupils whether there were any fanaticism in the district, to which they promptly, and naturally, answered, "No."

MINISTRY OF EDUCATION.

Our Assyrian Correspondent writes: The Minister of Education arrived here by steamer from Luxor on 13th, and proceeded direct to the Government school accompanied by the director, sub-director, inspector, and an inspector. Next morning he visited the lectures, and at 10 he was at the Coptic school, All the pupils of the school, numbering 200, were present and passed a very severe examination in English, Arabic, geography, &c. at noon. Afterwards, he visited his quarters in the native barracks, and congratulated the headmaster on the good success of the school. The Minister was accompanied by the inspectors awarded him that he gave the boys a holiday. Yesterday morning, he visited a kottab at Omm Ameena belonging to a fki named Sheikh Hagga Ali 30 o'clock he left by his steamer for Luxor.

NOTES FROM KENEH.

Our Keneh Correspondent telegraphs that a football match was played between teams representing Keneh and Sohag Government Schools yesterday, in the presence of a great gathering of notables, officials and English functionaries, besides the Minister of Education, who arrived just in time. Sheikh Wali Mohamed Effendi, Inspector, acted as referee. Keneh won the game by three goals.

The Minister to-day visited the Government School, the Mandarah and the Tribunals. His Excellency appreciated the headmaster of the school on the pupils' exercises. He left in a dgt at 11 a.m. for Sohag.

RUSSIAN REFUGEES.

AGITATION AGAINST EXTRADITION

A good deal of indignation has been aroused in Alexandria by the news that three leading Jewish Russian refugees have been arrested, and are about to be conducted on a steamer here for Odessa. Telegrams have been despatched yesterday to Lord Cromer asking his Lordship to intercede in the matter, and "in the name of the humanitarian principles and constant liberal decisions of England" to prevent the extradition of these men.

To one of these telegrams, Lord Cromer has sent a telegram in reply, in which he states that the three individuals in question are accused of having made preparations to blow up a Russian trading vessel on the part of Alexandria. If, says his Lordship, investigations show that they are Russian refugees they will be handed over to their executive authorities, who of course have every right to deal with them according to the laws of their country. Otherwise they will be liable to be tried by the Egyptian Tribunals, and Lord Cromer adds that he has received "courageous telegrams on this subject."

The prevalence of the opinion in favour of the Russians, however, are not satisfied with this reply, and a public meeting is to be held to night to consult further measures.

As we go to press we learn that a large deputation, composed mainly of the Hebrews, is marching on the British Consulate to order to make a demonstration.

GOLD FOR ENGLAND

A considerable room of gold, amounting to over £500,000 is being exported by the National Bank of Egypt and the other Egyptian banks to London. We understand that it has been earmarked at the Bank of England for account of the India Council, and we have good reasons for believing that the Egyptian banks naturally did not part with the gold except at the market price of exchange.

ABYSSINIAN BANK.

We understand that Mr. MacGillivray, till now Governor of the Bank of Abyssinia at Addis Ababa, has decided not to return to Abyssinia. Mr. MacGillivray is at present on a visit to Upper Egypt.

THE CALABRIA.

Comdtore Moreno, commandant of the Italian cruiser Calabria, on board of which the Prince of Udine arrived yesterday, paid official visits this morning to H.E. the Governor, Rear-Admiral Sir Maurice Hankey, and the officer commanding British troops, which visits will be returned afterwards on board the Calabria.

SPOKEN AMHARIC

Amharic, owing to its wide use on the Sudan-Abyssinian frontier, is being studied by some of the Anglo-Sudanese officials.

The Cambridge University Press have in hand a series of books which represent the first attempt to introduce to English readers the literature of Mr. C. H. Armbruster, of the Sudan Civil Service. Amharic is the language most widely spoken and written in Abyssinia at the present day. It is also spoken in the adjoining Italian colonies, the French Somali Coast protectorate, and the eastern provinces of the Sudan. Colloquial knowledge being the aid to vivid every Amharic word is phonetically represented in roman letters as well as given in the native character. Part I is accompanied with grammar; Part II with an English-Amharic vocabulary and phrases; while Part III contains idiomatic expressions and illustrations. Mr. Armbruster has been engaged upon this work for several years on the eastern frontier of Abyssinia.

EGYPT'S TRADE.

SATISFACTORY PROGRESS.

To judge above by the figures tabulated in the Customs returns, last year was one of abnormal prosperity; and it is a prosperity the more particularly evident by the fact, which an inspection of published returns will immediately demand as the basis of normal wealth, that exports exceed imports by L.E. 866,486, which means, in the balance sheet of the country's cash book, so much in the good in the profit and loss account.

Thus, the total imports for 1906 were L.E. 24,710,796, as against L.E. 21,104,079 in 1905, an increase of L.E. 3,646,719; and the exports for 1906 were L.E. 24,871,282, as against L.E. 20,240,793, an increase of L.E. 4,630,489. For 1906, therefore, the surplus of exports over imports was L.E. 866,486 as stated; whereas for 1905, the surplus exceeded imports by L.E. 1,863,286.

On the total imports of L.E. 24,240,796 for 1906, the chief items were: textiles, L.E. 6,160,866; metals and hardware, L.E. 2,360,747; cereals, vegetables, and flour, L.E. 2,071,200; wood and coal, L.E. 1,021,947.

The item's chief came to Great Britain, with a total of L.E. 6,264,468, of which L.E. 3,686,000 were textiles, L.E. 1,141,852 hardware and L.E. 1,130,709 coal and wood. Turkey comes next with L.E. 3,061,864, made up, inter alia, of L.E. 2,082,885 of cereals, vegetables, and flour; L.E. 729,102 of livestock and animal produce; L.E. 248,440 coal and wood. Germany, which the tabulation always ranks next to Great Britain, and not upon that L.E. 1,130,709 of which L.E. 1,000

WEIGHT INCREASED TO 90 STONE.

The Grove, Acomb, York, England.

Dear Sirs,—I thought how much I should like to write and tell you what great benefit my daughter has derived from taking your Doan's Backache Kidney Pills. For 3 or 4 years she had been troubled by different doctors, and got had gradually grew from bad to worse, eventually being confined to her bed for many months. Our own family doctor gave us no hope whatever—in fact, one day he came and told me that *she had only a few hours to live*. It was dreary, he said, from which she was suffering.

Everyone who saw her felt sure that she couldn't possibly last long. She had to be propped up in bed with a rest, and 9 pillows, to prevent her from choking. She was in a condition that, when the bed had to be made, it took 4 persons to lift her out. The doctor said she would have complied at least 30 stone. She is only 26 years of age.

In one day, the doctor tapped 16 pints of water from her leg.

Last December a friend of ours came to see us, and she told us of no acquaintance who had derived much benefit from Doan's Backache Kidney Pills. We therefore thought we would try the pills, and when my daughter had finished the second box she said that she felt a little easier. Ere since that time she has gradually improved.

She has finished her 27th box this week, and is certainly able to get out of bed and dress herself, and even walk about the village, unaided. Those who saw her in bed are astonished at finding her able to get about again, and they say it is almost a miracle. I tell them it is Doan's Backache Kidney Pills that have saved my daughter's life. I shall never cease to recommend this splendid medicine.

My daughter was in bed altogether for 11 weeks, never leaving the bed except when she was lifted out to have it made. She has now been downstairs 2 weeks.

(Signed) Mrs. HANNAH CHURCHYARD.

Doan's Kidney Pills are for sale by all chemists and druggists at 12 P.P. per box.

NOTICE.

CAPITAL SOCIAL — Le capital social primitivement fixé à douze millions cinq cent mille francs a été porté à quinze millions de francs en Juillet 1906 et ensuite à vingt-cinq millions de francs par la création de quarante mille actions nouvellement libérées de fr. 250 chacune dont font partie les trente mille titres mis en souscription publique.

Il a été créé en outre cinq mille parts de fondateurs dont le nombre a été porté successivement à cinq mille cinq cents et à sept mille cinq cents lors des augmentations du capital social et en conformément à l'article 7 des Statuts de la Société.

Sur les mille parts de fondateurs existant actuellement cinq cents ont servi à rémunérer divers concours financiers, cinq cents a appartenu à Syndicat de banquiers qui a garanti l'augmentation du capital et qui assume sous les frais d'émission. Les mille parts restant à la disposition du Conseil d'Administration pour en faire attribution pour le meilleur usage dans l'intérêt de la Société.

Les mille parts de fondateurs actuellement existantes ont été attribuées à raison de cinq parts à chacune des mille actions qui ont été souscrites et payées en numéraire et ont donné droit à un dividende de 5% l'an.

OBJET SOCIAL — Ainsi qu'il est dit à l'article 4 des Statuts, la Société a pour objet de faire pour elle et pour tiers, en participation ou pour compte de tiers toutes opérations de banque et de finance, créant ou toutes opérations commerciales, agricoles, immobilières et le développement qui paraîtront s'y rattacher.

RÉPARTITION DES BÉNÉFICES. — Il n'est fait à l'ensemble des titres, déduction faite de toutes les charges générales et éventuellement, s'il y a lieu, conditions, la libération soit de la société.

Sont ou bénéficie, il est prélevé :

1° Dix pour cent pour la constitution du fonds de réserve. Ce prélèvement cesse d'être obligatoire quand le fonds de réserve aura atteint le dixième du capital social.

2° Les intérêts aux titres libérés au 31 mars attribué :

3° Les intérêts aux titres pour payer aux actions de capital en jouissance dividende d'intérêt pour cent sur la montant appelé et versé des actions de capital.

4° Un et demi pour cent à chaque administrateur et un demi pour cent à chaque commissaire.

Le solde sera réparti comme suit :

A. Sera mis de côté pour cent aux actions de capital à titre de second dividende.

B. Trente pour cent aux parts de fondateurs.

Toutefois le second dividende ci-dessus prévu pourra être à l'assemblée générale ou par décret spécial prélevé un profit d'une réserve extraordinaire.

Ce profit viendra en sus après les attributions au conseil d'administration et au collège des commissaires.

En outre, il y a eu et il devait arriver, le 31 mai d'Générale Egyptienne pour l'Agriculture et le Commerce, le principe primordial de la Société s'était spécialement en vue le but de développer des relations entre l'Egypte et la Belgique en général et notamment une nombreuse colonie belge agricole et industrielle en Chine.

Dès le début de l'installation des bureaux au Caire on programme a été mis à exécution. Toutefois, l'importance croissante des affaires financières en Egypte a immédiatement engagé le conseil d'administration à se rendre une grande partie de son activité sur les opérations de banque proprement dites, notamment l'ouverture de comptes courants, les avances sur titres et les reports.

Ces opérations, tout en ayant été conduites avec la plus grande prudence, ont donné d'un bon rendement. Le conseil d'administration a l'honneur de soumettre à l'approbation de l'assemblée générale les comptes qui suivent pour la période du 19 Avril 1906 au 31 Décembre 1906.

Les divers services de la Société seront bientôt complétés et lui permettront d'espérer pour l'année qui commence des résultats plus en rapport avec les vues d'ensemble qui ont présidé à sa création.

Ces vues d'ensemble, on effet, n'ont pas été limitées à l'exploitation de la propriété agricole, mais se sont étendues à l'industrie et au commerce.

Après avoir pourvu aux amortissements nécessaires, on est en droit d'espérer que le développement normal des affaires, auquel vient s'ajouter l'apport considérable de la région des affaires de la maison Van Vandenbosch & Co. viendront à la Société Générale Egyptienne pour l'Agriculture et le Commerce un avenir brillant.

LE CONSEIL D'ADMINISTRATION

Les Exemplaires des Statuts de la Société Générale Egyptienne pour l'Agriculture et le Commerce se trouvent à la disposition des souscripteurs aux bureaux de la Société au Caire et à la Banque de Reports, de Fonds Publics et de Dépôts à Anvers. 60.30 D 1

The weather yesterday was excessively cold, dull, and rainy. During the night it became boisterous, light westerly gales blowing with great force, and the sea being rough. This morning was equally hot indications point to its being more or less, though cold.

Letter from Sir Rudolph von Slatin.

Dear Mr Hare,— Your delightful and most interesting book on the Sudan has reached me. I congratulate you heartily on the excellent manner in which the work is delineated and illustrated. All of us who have done our little best to regenerate the country, after its terrible misfortune, have received about them what the Arabs call "Kismet" and your friends... I don't suppose anyone realises more than I do the change that has come over the Sudan since my old and treasured master the Khalifa departed from the scene. Your description of the "Feast and Programme" is, to me, a sequel to my "Fire and Sword in the Sudan."

With kindest regards, believe me,

Yours sincerely,

RUDOLF V. SLATIN.

REVUE COMMERCIALE

Coton.

Il est temps aujourd'hui pour le lecteur, et cette revue va vraisemblablement complète, de voir certaines questions revenir constamment sur le tapis, mais nécessité fait souvent loi, et c'est notre cas aujourd'hui.

Il ne s'agit nullement de discuter, mais tout simplement de faire remarquer à ces quelques personnes encore dans quelles erreurs la fausse idée qu'on malheureux, vous aux chroniqueurs commerciales, doit invariablement tomber dans le sens qui convient à chacun de ceux qui la lisent (la chose difficile que cela le) que tirent ici aux uns par le peu plaire aux uns qui ne lisent, mais bien peut-être aux situation aussi drôle que possible de ne qui en gêne aucune de nous sur le marché tout en supposant notre opinion, sans de bien à mécompte toutes les compétitions.

Nous commencerons que parfois nous nous trouvons bien aise à des écarts de plus ou moins, quantité de temps écoulé, ou à ce que temporaire de tout ou en tout ou en tout ou partie à politiques. Dans tous les cas, nous prions nos lecteurs de ne pas trop nous en vouloir quand il nous arrive de tomber dans ce défaut, car nous tenons à leur sympathie, mais comptez qu'il n'entre jamais dans notre intention d'être, de propos délibéré, désagréable à qui que ce soit.

Ceci dit, passons à la revue du marché.

Le temps du marché pendant la semaine qui vient de finir a été extraordinaire, en ce sens que la fermeté qui a régné d'un bout à l'autre a été vraiment surprenante, sans trop de difficulté aussi, naturellement, devenait s'opposer à tout ceux-ci et à toute tentative de baisse ; mais la spéculation en a décidé autrement et, il faut bien le reconnaître, elle a, relativement, assez bien réussi dans son but particulier à quelques gens le moins les plus puissants.

Pour la matinée de samedi, elle a été admirablement servie par les achats très sérieux de ces gens qui, ayant fait baisser de notre gérant, achats qui ont permis à des intéressés de Caire de liquider leurs positions dans des conditions inespérées. Les prix obtenus par les vendeurs ont varié entre 31 5/8 et 31 3/4 pour le plus grande partie des transactions, mais la clôture, sur la faiblesse du disponible et de l'avant-bourse de Liverpool, n'a pu être qu'à 31 1/16. Quand même, elle nous laissait en hausse de 6/32.

Lundi après dut jour férié à l'occasion du premier de l'an orthodoxe, la reprise des affaires n'a pu être que Mardi. A cause de ce point perdue par l'Abbaye de Saint Pierre, tout le monde s'attendait à une première séance des plus désagréables ; mais après ce court accroissement à 31 3/4, les hausses, prenant pied sur des bons rapportaient qui avaient eu lieu, ont réagi et sont parvenus à maintenir le Mars à 31 17/32.

De la semaine, à part la reprise d'Août qui a fourni l'appui nécessaire pour une baisse toute relative, tandis que Janvier, en vertu de quelques ventes des Egyptiens de particulier à Alexandrie, aussi que les précédentes semaines ont été généralement calmes, Mercredi a d'une manière absolue dénué le jour de fête, Mercredi a d'une manière absolue dénué le jour de fête, Mercredi a d'une manière absolue dénué le jour de fête

BULLETIN DE LA BOURSE

(Aujourd'hui à midi et demie.)

Les valeurs spéculatives qui avaient le plus profité de la détente locale, sont les premières, comme nous l'avions prévu, à subir les coups de la réaction. Peu d'affaires, d'ailleurs, et discussion sur toute la cote. Les bonnes valeurs, disponibles, ont tendance à se ressaisir.

L'Agricole se raffermit à 9 3/8, la National Bank est relativement soutenue à 22 5/16, et l'Union Foncière est diversement demandée entre 6 1/4 et 6 5/16.

Le bourse également la Privilégiée Bien d'Alexandrie à 220 et la Dividende à 121 3/4, les Hongreich Hotels à 22 3/4 et la Port Said Salt à 23/8.

Par contre la Caisse de Remise cèdent à 20 l'ouverture et 21/8 la nouvelle, la Banque d'Athènes à 137, l'Investment à 1 11/32, l'Urbaine à 7 3/4, la Comptoir à 8 l'ouverture et 7 11/16 la nouvelle, le port de fondateur à 107, la Crédit Franco-Egyptien à 6 7/16 et l'Allotment à 8 1/2 vendeur.

La Lavrion a fait 1 13/16 l'action et 20 la fondateur, pour clôturer respectivement à 1 8/16 et 24. Pas d'échange en United qui sont tenues à 7 9/32 l'action et 20 10 1/4 la fondateur.

NOTES ET CRITIQUES

Le Caire, Vendredi 18 Janvier.

Le taux de l'escompte libre à Londres a été encore réduit hier de 1/8 à 4 5/8 pour cent. Au Stock Exchange, la [illegible] anglais est resté invariable à 97 1/4 Les valeurs égyptiennes sont généralement demeurées inchangées à leurs cours précédents, à l'exception de l'Agricole qui a gagné 1/8 à 9 3/4.

A Paris, la Crédit Foncier Egyptien a reculé de 1 franc à 780. La Banque d'Athènes a rétrogradé de 2 francs à 1061.

***

Le mieux avait eu, ce matin, un marché calme, avec des transactions restreintes, mais avec tendance qui évoque glorie bonne.

Dans le compartiment des Banques, la National, assez mouvementée, a avancé à 22 3/16 1/4 et l'Agricole à 9 5/8-11/16. La Caisse de Remise a rétrogradé à 20½. Le Comptoir Financier est resté à 8 3/4 et en part à 10½.

Le Crédit Foncier a été négligé à 779. La Delta a gagné à 13 9/16 et le Béhéra à 41 1/2. La Delta Land est remontée à 16. La Wardan Estate est restée à 8.

L'Immobilière a été très tenue à 291. La part de fondateur Entreprises and Development a faibli à 21.

Les Entreprises Immobilières ont été très demandées 17 et 16 1/2 pour clôturer à 17, leur part, qui a donné lieu à beaucoup de transactions, a avancé à 213-214. L'Energie Immobilière a clôturé à 4 et en part à 218. L'Express Nile a été traitée à 5 et en part à 272.

Les parts de fondateur Egyptian Mail ont été demandées à 5 1/4. Les parts de la Société Générale Egyptienne en sont restées à 112. Les actions Cairo Suburban, dont nous parlons plus bas, ont été remarquées entre 3 3/8 et 3 1/2, on pouvait en faire couramment par ce temps.

La Delta Light a faibli à 11 21/16 Les Automobiles ont reculé à 5 7/8-15/16 et leur part à 14 1/2.

Dans le groupe des valeurs hôtelières, les Hongreich ont progressé à 22 3/8. Les Egyptian se sont tenues à 11 7/16-1/2. Les Upper Egypt ont gagné 1/4 à 5 1/2.

Parmi les petites valeurs, la Delta Land s'est raffermie à 8 1/2. Les Hooker ont fait 6 1/16-3/16 après avoir obtenu 6 3/4. Les Entens, longuement traitées, ont faibli en clôture à 2-3 11/16; leur part a avancé à 29 1/4. Les New Egyptian ont été assez tenues à 22 sh. Les Markets ont faibli à 29 sh. 6 et les Salt and Soda à 22 sh. 9.

Les Cotton Mills ont été traitées à 4 sh. Le bilan présenté à l'assemblée générale annuelle tenue hier à Londres accuse pour l'exercice clos le 30 Septembre 1906 une perte de £ 930, qui ajoutée aux pertes antérieures, porte le passif total de la Compagnie à £ 97,948, soit plus de huitième du capital social.

***

Les rumeurs qui circulent relativement à la vente d'une grande part des propriétés de S. A. le Khédive à Koubbeh attirent l'attention sur la Cairo Suburban Building Lands Co. (Dar-es-Saadat).

On sait, en effet, que cette Société possède, entre Koubbeh et le Caire, environ 80 feddans de terrains admirablement aménagés de 7 à 10 mètres et qui ont plus que doublé de valeur.

Le cours actuel de l'action est donc susceptible d'une forte plus value.

***

L'émission de l'Egyptian Land Investment and Building Co., au capital de £ 200,000, représenté par 200,000 actions ordinaires à £1 et 40,000 parts de fondateur à 1 shelling, sera ouverte le 21 Janvier courant et close le 23. Un offre est publiée 100,000 actions moyennant une prime de 1 sh. par action. Les souscriptions seront reçues à la Banque d'Athènes.

Parmi les administrateurs de cette Société figure M. Jean Jouanidès, le directeur bien connu de la Banque d'Athènes à Alexandrie, dont il serait superflu de faire l'éloge.

***

Nous extrayons d'une lettre de Londres, en date du 11 Janvier, le passage suivant :

"Une amélioration sensible s'est heureusement produite sur le marché monétaire depuis le commencement de l'année. Les efforts faits par la Banque d'Angleterre pour relever sa réserve se ressent plus stérile ; d'autre part, la vente de l'escompte libre tend à baisser ; mais il ne faut pas se hâter de voir victoire, car, malgré tout, la Banque d'Angleterre reste toujours sous la menace d'exportation d'or vers l'Argentine, le Brésil et l'Egypte. Il est vrai que ce dernier pays se trouve à l'heure qu'il est passablement satisfait et que New York ne craint plus, pour le moment, la mobilisation des fonds pour le quels il aurait à remunérer à des conditions trop onéreuses. Aussi bien on pouvait quand même une amélioration stable avant la fin du mois, et qui amènera probablement la Banque à réduire le taux officiel de l'escompte. On s'attend, par conséquent, à une reprise sérieuse au Stock Exchange.
